

# She

## Harry Styles

9 in the morning  
The man drops his kids off at school  
And he's thinking of you  
Like all of us do  
Sends his assistant for coffee in the afternoon  
Around 1:32  
Like he knows what to do  
She lives in daydreams with me  
She's the first one that I see  
And I don't know why  
I don't know who she is  
He takes a boat out  
Imagines just sailing away (Away, away)  
And not telling his mates (Not telling his mates)  
He wouldn't know what to say (Wouldn't know what to say, to say)  
She  
She lives in daydreams with me  
She's the first one that I see  
And I don't know why  
I don't know who she is  
She's the first one that I see  
She lives in daydreams with me  
And I don't know why  
I don't know where she is  
Lives for the memory  
A woman who's just in his head  
And she sleeps in his bed  
While he plays pretend  
So pretend  
She  
She lives in daydreams with me  
She's the first one that I see  
And I don't know why  
I don't know who she is  
She's the first one that I see  
She lives in daydreams with me  
And I don't know why  
I don't know where she is
