

Cashmere Sweater (feat. Brezy)

Sultan + Shepard

Heartbeats

Movin' with the speakers in your black Jeep
Ooh you got me feelin' things, I can't breathe
Makin' me believe in things I can't see

Magic

Every time we touch it's like we're crashin'
And anything I want, don't have to ask it
'Cause you already know the things I'm askin' And all I
Somethin' about you, it feels so right

I could stay drownin' in your brown eyes
Just stay for a while and baby, don't let go
Wrapped around my body like a cashmere sweater
Somethin' 'bout you, boy, I swear you just feel better
We could be wherever, long as we together
Somethin' 'bout your love, I swear it just feels better

It just feels better

It just feels better It just feels better

Somethin' 'bout your, your, your

It just feels better

Somethin' 'bout your love Tan lines

Sand all in our pockets from a long night
Somehow when I'm with you, I just lose time
Stay here in the sunrise for a lifetime And all I
Somethin' about you, it feels so right

I could stay drownin' in your brown eyes
Just stay for a while and baby, don't let go
Wrapped around my body like a cashmere sweater
Somethin' 'bout you, boy, I swear you just feel better
We could be wherever, long as we together
Somethin' 'bout your love, I swear it just feels better

It just feels better

It just feels better It just feels better

Somethin' 'bout your, your, your

It just feels better

Somethin' 'bout your love
