

Warning

Bugzy Malone

Warning, get back!
You don't really want to see man get mad
Pineapple Cîroc to the head back
Make man go sleep like jet lag I said
Warning, get back!
You don't really want to see man get mad
Pineapple Cîroc to the head back
Make man go sleep like jet lag
Give me the full clip, thats ra-ta-ta-ta
Give me the balaclava or ski mask
Tell that likkle pussio relax
'Cause you don't wanna be caught like sea bass
Blacked out gilet to the combats
Sparks are gonna fly when I see gas
Bam for the bam-bam for the real opps
Manna get turned up like contrast
Bring out the white and blue tape
I'm on the dancefloor cutting up a new shape
Set man up a runner, neno brown ting
And say manna looking like blue Kane
Manna going on dark with the heater
Manna get burnt like crème brûlée
This one's a warning
You don't wanna be 'bout truly
Manna going on gangstar lately
Gangstar, gangstar lately
Gangstar lately
Gangstar, gangstar lately
And your forgetting that gangstars raised me
Gangstars, gangstars raised me
Gangstars raised me
Gangstar, Gangstar, Gangstar Warning, get back!
You don't really want to see man get mad
Pineapple Cîroc to the head back
Make man go sleep like jet lag I said!

 Hold tight all the solders that are on militant road
 Manna going on different
 Whats coming out of your speakers is a banger, like so they listening

 Throwing out uppercuts, headbutts, leaving bruises and cuts
 Manna going on gangstar lately

 And your forgetting that gangstars raised me
 Gangstars, gangstars raised me
