

# Hug All Ur Friends

## Cavetown

What's it like to be alone on a Sunday  
Remembering the time you saw them just yesterday?  
Sing me a song, tell me your thoughts  
I could listen to you all night longAnd I don't care about my sleeping routine  
I fucked it up as it is but we've got so much time to kill  
As the night rocks me to sleepLife's too short to worry about things that we got wrong  
So hug all your friends and let them know  
You're not letting go  
No I won't let go, oh-ohRemember when we felt like animations  
And didn't need A grades for self-validation?  
Tell me about the things that you love  
The world simply needs more affection 'cause  
I don't care about what people think of me  
I'm fucked up as it is but we've got so much time to kill  
And so many things to seeLife's too short to worry about things that we got wrong  
So hug all your friends and let them know  
You're not letting go  
I won't let go  
You don't know what it's like to be  
Nothing at all  
When the night turns cold  
My thoughts feel like stone  
And it's nothing I can't change  
But I can't breathe anymore  
I forgot how to walk by myself  
I could do with a little more of your help  
Life's too short to worry about things that we got wrong  
So hug all your friends and let them know  
You're not letting go  
No I won't let go, oh-oh
