## **True Faith**

## **New Order**

I feel so extraordinary Something's got a hold on me I get this feeling I'm in motion A sudden sense of libertyI don't care 'cause I'm not there And I don't care if I'm here tomorrowAgain and again I've taken too much Of the things that cost you too much I used to think that the day would never come I'd see delight in the shade of the morning sunMy morning sun is the drug that brings me near To the childhood I lost, replaced by fear I used to think that the day would never come That my life would depend on the morning sun... When I was a very small boy, Very small boys talked to meNow that we've grown up togetherThey're afraid of what they see That's the price that we all pay Our valued destiny comes to nothing I can't tell you where we're going I guess there was just no way of knowing I used to think that the day would never come I'd see delight in the shade of the morning sun My morning sun is the drug that brings me near To the childhood I lost, replaced by fear I used to think that the day would never comeThat my life would depend on the morning sun... I feel so extraordinary Something's got a hold on me I get this feeling I'm in motion A sudden sense of liberty The chances are we've gone too far You took my time and you took my money Now I fear you've left me standing In a world that's so demanding I used to think that the day would never come I'd see delight in the shade of the morning sun My morning sun is the drug that brings me near To the childhood I lost, replaced by fear I used to think that the day would never come That my life would depend on the morning sun...
