I'm B Gizzle, I did done things y'all bitch niggas scared of
I've smacked bitches, shot niggas, sold coke, court cases, done it all
I ain't talkin', I don't stunt at all You don't wanna mess with that glock boy
Test me with that glock, you get popped boy
On the spot money bustin', out my socks boy
It's hot, and now these cops on ma jock boy
I breaks bread with them, base heads
I show some lovin' till they slip then I trip son
It's bigger then drugs, they wanna label me a killer
So don't push me life is hard, I'm tryin' to fill my own graveyard 3rd ward A menace to society,
like I'm a threat
Y'all ain't met the real C, yet I'm wreck
Ex bunny went and bitched about me, it's realer then real
I was chosen when Slim got killed, you know how I feel It's a shame the Raper came, who
should I blame?
My playas told me to be cool, you know I'm a fool
Messin' with you gorillas will get yo head bust
Me and my homies, we about that paper It's money we after, straight money makers
The Cutt Boys could never be no fakers
I spit that gangsta rap, forget that hip hop
I bump them gangsta, ass beats that make yo head bop
Now, make that iron cocked and then that show stop
'Cause it's murder, murder, murder, murder, 1 8 7
'Cause I don't give a shh, shh
But they don't hear me though Now, all y'all done heard of me
Now, I'm C-Murder, I did done things y'all ain't never heard of
