

Get Behind the Mule (Remastered)

Tom Waits

Molly be damned smote jimmy the harp
With a horrid little pistol and a lariat
Shes goin to the bottom
And shes goin down the drain
Said she wasnt big enough to carry itShe got to Get Behind The Mule
In the morning and plow
She got to Get Behind The Mule
In the morning and plow
She got to Get Behind The Mule
In the morning and plow
She got to Get Behind The Mule
In the morning and plow
Choppity chop goes the axe in the woods
You gotta meet me by the fall down tree
Shovel of dirt upon a coffin lid
And I know theyll come lookin for me boys
And I know theyll come a-lookin for meGot to Get Behind The Mule
In the morning and plow
Got to Get Behind The Mule
In the morning and plow
Got to Get Behind The Mule
In the morning and plow
Got to Get Behind The Mule
In the morning and plowBig jack earl was 81
He stood in the road and he cried
He couldnt make her love him
Couldnt make her stay
But tell the good lord that he tried
Got to Get Behind The Mule
In the morning and plowDusty trail from atchison to placerville
On the wreck of the weaverville stage
Beaula fired on beatty for a lemonade
I was stirring my brandy with a nail boys
Stirring my brandy with a nailGot to Get Behind The Mule
In the morning and plowWell the rampaging sons of the widow james
Jack the cutter and the pock marked kid
Had to stand naked at the bottom
Of the cross
And tell the good lord what they did
Tell the good lord what they didGot to Get Behind The Mule
In the morning and plowPunctuated birds on the power line
In a studebaker with the birdie joe joaks

Im diggin all the way to china
With a silver spoon
While the hangman fumbles with the noose, boys
The hangman fumbles with the nooseGot to Get Behind The Mule
In the morning and plowPin your ear to the wisdom post
Pin your eye to the line
Never let the weeds get higher
Than the garden
Always keep a sapphire in your mind
Always keep a diamond in your mindGot to Get Behind The Mule
In the morning and plow
