

Night Drive

[Ari Lennox](#)

Purple in the sky
Cruising Highway 85
Thought I saw a shooting star
Beaming in your haunting eyes
Herbie Hancock on my radio
Boo let's pull over for the liquor store
Got some skittles and some Crown Royal
I know we ended things so we could go
Baby balling through me slow
Ooh don't keep you're love on me
No no love on me
Oh that night drive
Ooh you're so fine
Purple in the sky
Cruising highway 85
Thought I saw a shooting star
Beaming in your haunting eyes
I said now baby we can dissappear
Ain't lot like we are some fugitives
Liberation oh so cavalier
Ooh baby take me far away from here
Baby you know I'm sincere
Ooh don't keep you're love on me
No no love on me
Oh that night drive
Ooh you're so fine
Purple in the sky
Cruising highway 85
Thought I saw a shooting star
Beaming in your haunting eyes
