## Jazmine Sullivan & Bryson Tiller

[Verse 1: Jazmine Sullivan]

Gotta' lot on my mind  
I'm thinking I'm needing a break to clear up the clutter, damn man  
Can I get a minute get some space, man  
You been through my head, playing games man  
You be way too controlling  
Got me feeling like I can't breathe, I can't even hang with a homie  
Ain't no reason not to trust me, I'm your lady not a slave  
You my nigga not my master, I'll escape thinking who can I run to?  
Got me looking for a new dude  
With a chill vibe, who a nice time, who can lay back, who don't pick fights, who ain't  
insecure[Chorus: Jazmine Sullivan]  
Why you gotta' be so insecure?  
When I did all I could do, but you be wanting more  
And why you can't get up off my back  
And I can take a lot of shit, but I won't take that

[Verse 2: Bryson Tiller]

Been a long time, ain't been home - I been away  
Work got me in and out of state  
Don't know what you're doing, wonder what you're doing  
You got niggas in you're face, I'll never let you go to waste  
You're my treasure, baby, not my trash  
Thirsty bout to make a nigga spaz  
Why I treat you like a trophy, control freak  
I tell you that's better than no freak  
Find someone better you can go free  
Stop trippin' girl you know me, I'm your homie  
Don't cut it off, we done said it all and we done it all  
I want it all, for myself sorry if I'm coming off insecure  
(Ooh, yeah, yeah)  
[Chorus: Jazmine Sullivan]  
Why you gotta be so insecure?  
When I did all I could do, but you be wanting more  
And why you can't get up off my back  
And I can take a lot of shit, but I won't take that[Verse 3: Jazmine Sullivan]  
Don't you never trust, it's important  
Ever heard of that, is it foreign to you?  
Is a good time really boring to you?  
You be on your Suge Knight, always trying to fight  
You're a bully or a lover  
Are you my man or my big brother  
Baby somethings wrong with this picture

You make it hard to wanna stay with ya  
I'm your lady, not a slave  
You my nigga, not my master, I'll escape  
Thinking who can I run to?  
Got me looking for a new dude  
I'm a good girl but you reachin'  
'bout to make me give you reason to be insecure[Chorus: Jazmine Sullivan]  
Why you gotta' be so insecure? (so insecure)  
When I did all I could do, but you be wanting more (but you be wanting more and more)  
And why you can't get above my back  
And I can take a lot of shit, but I won't take that (but I won't take that)  
No I won't take that no more
