

# Overdose

## Ciara

You're like a circus running through my mind  
Got those sneaky eyes, what you trynna hide?  
You're like a hurricane inside my veins  
But I like it babe, so bring on the breakLet me fall, let me fall, baby let me drown  
Can't breathe, can't breathe, give me mouth-to-mouth  
Got my heartbeat pressing, that's slowing down  
Got me sweating and I'm shaking, I'm freaking outI took your love, think I took too much  
Somebody call the doctor  
Somebody call the doctor doctor (doctor)  
I took it all, but it's not enough  
Somebody call the doctor  
Somebody call the doctor doctor (doctor)  
Don't let don't let don't let don't let go  
Don't let don't let don't let don't let go  
Hold me tight, I'm coming down  
I need your love and I need it now  
Don't let don't let don't let don't let go  
Don't let don't let don't let don't let go  
Somebody call the doctor before I overdose  
I'm getting crazy, going back and forth  
Caught inside your storm  
But I want some more  
I hope your kisses and your gentle touch  
Come on, keep me up 'cause I need the rushLet me fall, let me fall, baby let me drown  
Can't breathe, can't breathe, give me mouth-to-mouth  
Got my heartbeat pressing, that's slowing down  
Got me sweating and I'm shaking, I'm freaking outI took your love, think I took too much  
Somebody call the doctor  
Somebody call the doctor doctor (doctor)  
I took it all, but it's not enough  
Somebody call the doctor  
Somebody call the doctor doctor (doctor)  
Don't let don't let don't let don't let go  
Don't let don't let don't let don't let go  
Hold me tight, I'm coming down  
I need your love and I need it now  
Don't let don't let don't let don't let go  
Don't let don't let don't let don't let go  
Somebody call the doctor before I overdose  
Don't let me overdose, don't let me overdose  
Don't let me overdose, don't let me overdoseI took your love, think I took too much  
Somebody call the doctor

Somebody call the doctor doctor (doctor)  
I took it all, but it's not enough  
Somebody call the doctor  
Somebody call the doctor doctor (doctor)  
Don't let don't let don't let don't let go  
Don't let don't let don't let don't let go  
Hold me tight, I'm coming down  
I need your love and I need it now  
Don't let don't let don't let don't let go  
Don't let don't let don't let don't let go  
Somebody call the doctor before I overdose I took your love, think I took too much  
Somebody call the doctor  
Somebody call the doctor doctor (doctor)  
I took it all, but it's not enough  
Somebody call the doctor  
Somebody call the doctor doctor (doctor)
