

# Alone (feat. Big Sean & Stefflon Don)

Halsey

Said he tried to phone me  
But I never have time  
He said that I never listen  
But I don't even try  
I got a new place in Cali  
But I'm gone every night  
So I fill it with strangers  
So they keep on the light  
She said she told you she knows me  
But the face isn't right  
She asked if I recognized her  
And I told her I might  
See, everywhere I go  
I got a million different people tryna kick it  
But I'm still alone in my mind  
I know you're dying to meet me  
But I can just tell you this  
Baby, as soon as you meet me  
You'll wish that you never did  
(You'll wish that you never did)  
I stayed a night out in Paris  
Where they don't know my name  
And I got into some trouble  
With that drink in my veins  
I got a problem with parties  
'Cause it's loud in my brain  
And I can never say "sorry"  
'Cause I won't take the blame  
I know I always go missing  
And you're lying awake  
But if you ask why I'm distant  
Oh, I'm runnin' away  
You know that everywhere I go  
I got a million different people tryna kick it  
But I'm still alone in my mind  
I know you're dying to meet me  
But I can just tell you this  
Baby, as soon as you meet me  
You'll wish that you never did  
(You'll wish that you never did)  
I, I know you wanna  
I, I know you wanna  
Slip under my armor  
I, I know you wanna  
I, I know you wanna  
I, I know you wanna  
Slip under my armor  
See, everywhere I go

I got a million different people tryna hit it  
But I'm still alone in my mind I know you're dying to meet me  
But I can just tell you this  
Baby, as soon as you meet me  
You'll wish that you never did  
(You'll wish that you never did)  
Yeah, yeah (I know you wanna)  
(I, I know you wanna)  
You'll wish that you never did  
(I know you wanna)  
(Slip under my armor)  
Oh  
(I know you wanna)  
(I, I know you wanna)  
You'll wish that you never did
