

# Does That Blue Moon Ever Shine On You

**Toby Keith**

Day by day, we let love just walk away  
And I'll be the first to say, I was glad to see it go  
And day by day, ever since you went away  
I'm finding I'm still missing you, and I just got to know Does that blue moon ever shine on you  
I wanna hold you close to me, feel just like it used to be  
And baby, if you feel like I do  
You can come to me  
Does that blue moon ever shine on you  
On my mind, you were right there all the time  
I could search and never find someone that does me like you do  
Here's the part where I'm giving you my heart  
I was a fool to let you go girl I just got to know Does that blue moon ever shine on you  
I wanna hold you close to me, feel just like it used to be  
And baby, if you feel like I do  
You can come to me  
Does that blue moon ever shine on you Night after night, I look to the stars  
Wondering where you might be  
And I've thought to myself, is that very same moon  
Shining on you like it's shining on me  
Does that blue moon ever shine on you  
I wanna hold you close to me, feel just like it used to be  
And baby, if you feel like I do  
You can come to me  
Does that blue moon ever shine on you
