

# My Song

H.E.R.

[Intro]

Uhhh, yeah

Mmm, mm, mm[Verse 1]

I wanna run away with you

Just take me to places I've never known

When no one else seems to be getting through

Only you can tell wants going on[Pre-Chorus]

When I hear you name

Put a smile up on my face

It don't matter the time or the place

You make it all better now

I can love you forever now

When I hear the sound

When I'm feeling down

Ain't nobody else gotta be around

For you to make it better now

Let me get myself together now

[Chorus]

Let me sing my song

Don't wanna be alone

I know that when I listen

I find what I've been missing

Right here in my heart

Let me sing my song

I know this is my home

All that I've been wishing

I found what I've been missing

Right here from the start

So let me sing my song

[Verse 2]

Everything that you've told me

I thank you every day for

All the things you wanted me to be

Is every thing I've prayed for

When the weight of the world is on my shoulders

You would take the away the pain

Through the storm the sun still shines

With you by my side I'm not afraid[Pre-Chorus]

When I hear you name

Put a smile up on my face

It don't matter the time or the place

You make it all better now

I can love you forever now  
When I hear the sound  
When I'm feeling down  
Ain't nobody else gotta be around  
For you to make it better now  
Let me get myself together now[Chorus]  
Let me sing my song  
Don't wanna be alone  
I know that when I listen  
I find what I've been missing  
Right here in my heart  
Let me sing my song  
I know this is my home  
All that I've been wishing  
Found what I've been missing  
You were right here from the start  
So let me sing my song[Verse 3]  
All my doubts and fears  
All my cries and tears  
They all just disappear  
When ever you, were near  
You are still right here  
You are still, oh right here  
Right here  
Right here  
Right here  
Still right here  
Right here  
Right here, right here, right here  
Right here, right here  
Right here, here  
Right here, here, here, here  
Right here  
Right here
