

# City Boy Blues

## Action Bronson

On this dark old road, tryna find my way  
I'm singing, I'm tired of games people play  
(Singing I'm tired of games people play)  
No 808, I'm barely standing  
That ain't for dealing that girl in your hand (girl in your hand)  
Now I got no soul, it was taken a long time ago  
(It was taken a long time ago)  
I've given my life to a stranger, that sleeps by my side at night  
Look in her eyes, I see danger, and man is this shinning bright She won't think twice ([?])  
She won't think twice ([?])  
She won't think twice  
She won't think twice  
She only wants money my money  
She only wants money my money  
She only wants money from me, love from somebody else She only wants money from me, love  
from somebody else On this dark old road, tryna find my way  
I'm singing, I'm tired of games people play  
(Singing I'm tired of games people play)  
No 808, I'm barely standing  
That ain't for dealing that girl in your hand (girl in your hand)

from somebody else
