

White Boys Can't Control It

Culture Club

When you're a white boy

We don't dance for the devil When you're a white boy

You kiss and run
And you mistrust
You hold out
With the nowhere men
You dance your dance
And try again Put down your gun
And find your heart
We're dying soldiers
In the dark
We're no rebels You know white boys
Can't control it
You know white boys
Never hold it You know white boys
Hard to swallow
You know white boys
Always follow, always follow
Follow who Put down your gun
And find your heart
We're dying soldiers
We don't dance for the devil You know white boys
Can't control it
You know white boys
Never hold it You know white boys
Hard to swallow
You know white boys
Always follow, follow Follow who You know white boys
Life gets you high
You hold out thinking
That you know why You hold out
With the law of men
And when you die

You're born againPut down your gun
And find your heart
We're dying soldiers
In the dark we'll [Incomprehensible]
