Reason (Ziggy Remix)

NERVO & Hook N Sling

No Reason To Stay
Is a Good Reason To Go...When the puzzle connects
It's like you never forget
The way it's got to beIt's nobody's concern
Cause they don't know how it burns
When you're not here with me, whoa
So wrap my wrong in the sky
Guess I can never deny, this feelingHow can I ever stop
When I don't wanna give up, love
This is my reason, reason, reason
This is my reason, reason, reason
This is my reason, reason, reasonThis is my reason, reason, reason
Cause I gave you, I gave youAnd you gave me, you gave you
Is that simple, is that simple
Don't matter where you are
The feeling never stops
When the puzzle connects
It's like you never forgetThe way it's got to be
It's nobody's concern
Cause they don't know how it burns
When you're not here with me, whoa
So wrap my wrong in the sky
Guess I can never deny, this feeling
How can I ever stop
When I don't wanna give up, love
This is my reason, reason, reason
This is my reason, reason, reason
This is my reason, reason, reason
This is my reason, reason, reason
