

# Everything Louder Than Everything Else

## Meat Loaf

I know that i will never be politically correct  
and i don't give a damn about my lack of ettiquette  
as far as i'm concerned the world could still be flat  
and if the thrill is gone then it's time to take it back  
if the thrill is gone then it's time to take it back  
who am i?  
why am i here?  
forget the questions someone get me another beer  
What's the meaning of life?  
what's the meaning of it all?  
you gotta learn to dance  
before you learn to crawl  
you gotta learn to dance  
before you learn to crawl  
So sign up, all you raw recurits  
throw away those designer suits  
you got your wepons cocked, your targets in your sights  
ther's a party raging, somewhere in the world  
you gotta serve your country, gotta service your girl  
you're all enlisted in the army of the night  
And i ain't in it for the power  
and i ain't in it for my health  
i ain't in it for the glory of anything at all  
and i sure ain't in it for the wealth  
but i'm in it til' it's over  
and i just can't stop  
if you want to get it done, you have to do it yourself  
and i like my music like i like my life  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
They got a file on me that's a mile long  
and they say that they've got all of the proof  
that i'm just another case of arrested development  
i'm just another wasted youth  
They say that i'm in need of some radical discipline  
they say i gotta face the truth  
that i'm just another case of arrested development  
i'm just another wasted youth

[illegible]

everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else  
everything louder than everything else
