

Pay You Back (feat. 21 Savage)

Meek Mill

Yeah, ooh
(Wheezy outta here) We gon' wake yo' dog up on that cash, huh (Brr)
Play I'll put them demons on yo' ass, huh
I got too much problems
Don't make me mad, huh (Don't make me mad)
I'm too rich to send a hit
You better be glad, huh (Better be glad)
Deep down in them trenches
Started up in extensions, (No)
Touch down in the clipboard
Now we back in business (Business)
Pull up in my hood, these niggas
Be actin' different (For what?)
They gon' keep it cool 'cause we'll rat them niggas
Huh, livin' to die, nigga we
Dyin' to live (Dyin' to live)
Had to sacrifice my life just for
My mom and kids (Mom and kids)
Beefin' with some real killers
They at my momma crib
Turn me to a monster, gotta show
You niggas what time it is, huh
I got a rush, now none of these niggas
Wanna hit me up (Boom boom boom)
I was taught to kill a real killer
And it'll get you loved (Get you loved)
Fast game a nigga thirty years
And he stuck (And he stuck)
Still prayin' he don't get me up, huh
We gon' wake yo' dog up on that cash, huh (Brr)
Send a message to 'em
With no mask, huh (With no mask)
You don't wanna see my lil'
Nigga in yo' grass, huh (In yo' grass)
Hangin' all out the window
Swingin' that Mac, huh (Straight up)
Pay you back, nigga gon' pay you back
(Pay you back) (21, 21)
Leave 'em with some real rich
Niggas that'll get you wet (Get you what?)
We ain't ever fittin' with no
Nigga with like, "Where you at?" (21, 21)

Pay you back, niggas gon' pay you back
I can't lie, I feel like J
ohn Wick with a stick (Straight up)
Bought a trap phone just
To greenlight hit (Straight up)
All that talkin' make that
Chopper give you lip filler (21)
I come from the six
Where they kill killers (Straight up)
This AK got so many bodies
I call it Charles Manson (Straight up)
We was tryna find a lick
Y'all niggas was somewhere dancing (Bitch)
Them young niggas still had
Respect when they was broke, huh (God)
The whole city know that
21 gang got smoke, some
If you want a wack, it's gon' cost ten nickels (Fifty)
Bring a hundred racks, it could
Get done quicker (Quickie)
Desert Eagle bullets same
Size as a pickle (Straight up)
We could lie to opps and then we
Fuck all they sisters (On god)
All the guns I own got hollow tips in 'em (Straight up)
Nigga pick a side and you gon'
Die in the middle (Lil' bitch)
Dream chaser shoot 'em wit' the
38 through the pillow
Wish I rapped in the 90's 'cause this

Nn that cash, huh (Brr)
Send a message to 'em with
No mask, huh (With no mask)

Hangin' all out the window
Swingin' that Mac, huh
Pay you back, nigga gon'
Pay you back (Pay you back)
Leave 'em with some real
Rich niggas that'll get you wet (Wet)
We ain't ever fittin' with no nigga
With like, "Where you at?" (Where you whoo)
Pay you back, niggas gon' pay you back, huh I'm like free all my young niggas
That's incarcerated (Free 'em)
See 20 mil by 32, I feel obligated (Yeah)
I say nigga don't want no smoke
You ain't no carburetor (Brr)

Try to kill me, I come right back
Arnold Schwarzenegger (Ha)
AP terminator (Terminator), gon'
Make me burn a hater (Burn a hater)
No bitch shitted on me back then
I had to return the favor (Whoo)
I feel first night, I ain't hit her back
And I don't wanna fight
You can get it back, I ain't
Beatin' 'bout no dog hoe
Can't find a bitch like Waldo
'Cause she was tryna buy the bitch all though
Nigga this that Chanel money
This that so much work
If you get coach, you better not tell money
This that out yo' league
I smell like Creed while buying smell money
Fly them bells in, right to
Your doorstep, that's Mel money
Young bull did his first hit and he turnt up, huh
If gettin' money was a sin nigga
I'd be burnt up, huh
If you know a nigga from back then
Oh I was fucked up, huh
Get to playin' fingers and they
Swingin' through like a nunchuck (Gang) We gon' wake yo' dog up on that cash, huh (Brr)
Send a message to 'em
With no mask, huh (With no mask)
You don't wanna see my lil'
Nigga in yo' grass, huh (In yo' grass)
Hangin' all out the window
Swingin' that Mac, huh (Boom boom boom)
Pay you back, nigga gon' pay
You back (Pay you back)
Leave 'em with some real rich
Niggas that'll get you wet (Wet)
We ain't ever fittin' no nigga with like
"Where you at?" (Where you whoo)
