Where the Streets Have No Name

U2

I wanna run, I want to hide
I want to tear down the walls that hold me inside
I want to reach out and touch the flame
Where the streets have no nameI want to feel sunlight on my face
I see the dust-cloud disappear without a trace
I want to take shelter from the poison rain
Where the streets have no name
Where the streets have no name
Where the streets have no name
We're still building and burning down love
Burning down love
And when I go there
I go there with you
It's all I can doThe city's a flood and our love turns to rust
We're beaten and blown by the wind, trampled in dust
I'll show you a place high on a desert plain
Where the streets have no name
Where the streets have no name
Where the streets have no nameWe're still building and burning down love
Burning down love
And when I go there
I go there with you
It's all I can do
Our love turns to rust
We're beaten and blown by the wind
See our love turn to rust
I'll be beaten and blown by the windAnd when I go there
I go there with you
It's all I can do
