

# Give It All Up

Lil West

Daytrip took it to 10 (Hey!) Tell me what you thinkin'  
You tore me to pieces  
Why you heavy breathin'?  
Bitch, it ain't no reason  
Now we hardly speakin'  
Just like I'm a free man  
Guess that's how it go down  
Guess that's how it go down  
I'll feel better when I reach all my goals  
Things ain't lookin' too good for me and you  
And I'm here to lift you up and brighten your soul  
And I should give it all up, give it all up  
Give it all up I see the way you look at me and it hurts the most  
Not much to say but I know for sure that you holding on  
Making me burn myself out  
I hope it all just works out  
That's what's gon' calm me down  
Guess I'ma help myself  
I'll feel better when I reach all my goals  
Things ain't lookin' too good for me and you  
And I'm here to lift you up and brighten your soul  
And I should give it all up, give it all up  
Give it all up Daytrip took it to 10 (Hey!)
