

Be Okay (Clear Six Remix)

R3HAB & HRVY

Lately this rollercoaster only go down down down
Walk on the edge and I'm scared of the ground ground ground
Talking to God but I'm hearing no sound sound sound
Yeah, and I prayed for you Ain't nobody else make me feel like the world can wait
Oh nothing else matters but ya skin on me
Baby, you are the answer
When the world is tryna take my pride
You're the only one that gives me life
Make me say, I'ma be okay
Only you, only you
Make me say I'ma be okay
Only you, only you
Make me say I'ma be okay
Only you, only you
Make me say I'ma be okay
Only you, only you
Make me say I'ma be okay You saved my life when I was ready to drown drown drown
Yeah, you showed me love when everybody had doubt doubt doubts
Yeah, lookin' at you and all I do is feel proud proud proud Ain't nobody else make me feel like
the world can wait
Oh nothing else matters but ya skin on me
Baby, you are the answer
When the world is tryna take my pride
You're the only one that gives me life
Make me say, I'ma be okay
Only you, only you
Make me say I'ma be okay
Only you, only you
Make me say I'ma be okay
Only you, only you
Make me say I'ma be okay
Only you, only you
Make me say I'ma be okay
Only you, only you
Make me say I'ma be okay
