

# Again

## Flyleaf

I love the way that your heart breaks  
With every injustice and deadly fate  
Praying it all be new  
And living like it all depends on you Here you are down on your knees again  
Trying to find air to breathe again  
Only surrender will help you now  
I love you please see and believe again I love that you're never satisfied  
With face value wisdom and happy lies  
You take what they say and go back and cry  
You're so close to me that you nearly died  
Here you are down on your knees again  
Trying to find air to breathe again  
Only surrender will help you now  
I love you please see and believe again They don't have to understand you  
Be still Wait and know I understand you  
Be still  
Be still Here you are down on your knees again  
Trying to find air to breathe again  
Only surrender will help you now  
The floodgates are breaking and pouring out  
Here you are down on your knees  
Trying to find air to breathe  
Right where I want you to be again  
I love you please see and believe again  
Here you are down on your knees again  
Trying to find air to breathe again  
Right where I want you to be again  
See and believe
