

A Little More Jesus

Erica Campbell

I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
Hey I need just a little more Jesus
I need just a little more Jesus
To help me along my way Ohhhh
Ummm
Ummm

I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
Ooooh I need just a little more Jesus
I need just a little more Jesus
He-e-ey, To help me along my way Ohhhh
Ummm
Help Me
Ummm

Anybody need him
Heeyyyy I got to mad and I said to much
Went too far and I almost cussed
No my mama didn't raise me that way
Lord I need a little help today
I went too sad and I'm crying to long
I can't keep sin everything is wrong
Yes my life seems way too hard

But ain't nothin' too hard for GOD I need just a little more Jesus

I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
Hey I need just a little more Jesus
I need just a little more Jesus
To help me along my way I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
Hey I need just a little more Jesus
I need just a little more Jesus

To help me along my way Hee-eee-eee-y Problems at work, problems at home
Won't everybody just leave me alone?
I can't fix you cuz I'm trying to fix me

I'm tryin to find help so I'm on my kneesGotta ache right here, pain right there
Not enough power needed way more prayer
Seems like it's so hard to pray
Yes that's why I lost my wayI need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
Hey I need just a little more Jesus
I need just a little more Jesus
To help me along my wayI need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
I need just a little more Jesus
Hey I need just a little more Jesus
I need just a little more Jesus
To help me along my wayTo help me along the way
To help me along the way
To help me along the way
To help me along the way
