

# Keep It Tight (feat. DJ Skribble)

## Lauryn Hill

Yo... (Can I see you?)  
Lauryn Hill on the track... (In the morning)  
New art got my back...  
DJ Skribble just relax, haha!  
I'm a get you the joint! haha! (Can I see you?)  
Yeah... morning (In the morning!)  
Uh Huh, Uh Huh, Uh Huh, Uh Huh, Uh Huh, Uh Huh! As I span the cosmos  
Mahogany travel at the speed of sound  
Span the mainstream but still esteemed underground  
My parameters, and wrap up contaminants  
Travel twice Earth's diameter, intimidating amateurs  
At the Apollo, I played the shepherd sheep followed  
Chicks try to model after me like I'm Tyra Banks  
Wanna thank me because my statements are prodigious  
Styles so prestigious, make a sinner act religious  
Street academics, seen alot of girls mimic  
But when it's all over you can tell who's the gimmick  
L slang-bangs like a dub plate  
Jericho Sound System, mash up your club dates  
Sweeter than a cherry on a fruit cocktail  
Whenever, Wherever, Whatever  
Like Maxwell  
My pentium, makes more chips than Intel  
I didn't mean to turn you on like Sherell  
Kids move they body like they're tripping off of acid  
Not even fantasy can surpass it  
Once you blast it one starts to feel kinky  
I think thee, goes by the name of Young Slinky  
And just when you thought it was safe to relax  
L-Boogie spits with perfect syntax!  
Then, DJ Skribble make you dribble on the wax  
DJ Skribble make you dribble on the wax!  
Can I hear you in the morning (Can I see you?)  
like I hear you late at night?  
Chance to hear you (In the morning)  
Amp the party  
DJ Skribble keep it tight  
(Can I see you?)  
Just a short time in the morning  
Like I hear you late at night (In the morning)  
Chance to hear you  
Amp the party

DJ Skribble keep it tight!  
Can I hear you in the morning (Can I see you?)  
Like I hear you late at night (In the morning!)  
Chance to hear you  
Amp the party  
DJ Skribble, KEEP IT TIGHT!  
Forte' 3x  
Keep it tight!
