Anytime You Need a Friend

Mariah Carey

If you're lonely And need a friend And troubles seem like They never end Just remember to keep the faith And love will be there to light the wayAnytime you need a friend I will be here You'll never be alone again So don't you fear Even if you're miles away I'm by your side So don't you ever be lonely Love will make it alright When the shadows are closing in And your spirit diminishing Just remember you're not alone And love will be there To guide you homeAnytime you need a friend I will be here You'll never be alone again So don't you fear Even if you're miles away I'm by your side So don't you ever be lonely Love will make it alright If you just believe in me I will love you endlessly Take my hand Take me into your heart I'll be there forever baby I won't let go I'll never let goAnytime you need a friend I will be here You'll never be alone again So don't you fear Even if you're miles away I'm by your side So don't you ever be lonely It's alright It's alright Song Discussions is protected by U.S. Patent 9401941.
