

# Bitter Love

Pia Mia

I need somebody to pull me  
Away from this bitter love  
The taste on my lips every Time that we kiss, I can't get enough  
Heaven knows that I've tried  
But I never can seem to give you up  
Guess I'm out of my mind  
So go 'head and pour me another one Got me singing oh, oh I wanna run  
But baby I drink you up  
'Cause I need it, want it  
Can't get enough of this bitter love  
I'm paralyzed  
You give me the sweetest high  
'Cause I need it, want it  
Can't get enough of this bitter love  
You got me wasted and boy  
I've been chasing you every night  
Roses and wine and you're  
Body on mine got me feeling right  
Got that magic in you  
And you've been possessing my piece of mind  
I don't know what to do  
I can't get away even when I try Got me singing oh, oh I wanna run  
But baby I drink you up  
'Cause I need it, want it  
Can't get enough of this bitter love  
I'm paralyzed  
You give me the sweetest high  
'Cause I need it, want it  
Can't get enough of this bitter love  
Feel it burning my veins  
Loving you through the pain  
Baby, I think that I'm going a little insane, oh  
'Cause I can't get enough, you're all that I want  
And you know I need your bitter love, hey Baby I wanna run  
But baby I drink you up  
'Cause I need it, want it  
Can't get enough of this bitter love  
I'm paralyzed  
You give me the sweetest high  
'Cause I need it, want it  
Can't get enough of this bitter love
