

# The One

**Devvon Terrell**

No lie, All the money in the world  
Couldn't buy me your heart  
No lie, Said I'm down for you girl  
Just tell me where to start You might be THE ONE  
Oh, oh, oh, oh, oh, oho  
You might be THE ONE  
Oh, oh, oh, oh, oh, oho  
You might be THE ONE  
THE ONE, THE ONE, THE ONE  
You might be THE ONE  
THE ONE, THE ONE, THE ONE  
I know the type of guy you prolly used to  
That tell you everything you wanna hear  
And use you  
You telling everybody no, each and every day  
Baby gonna need the same, let me say  
Open up to your heart  
Oh girl, just let me inside  
Take you up to the stars  
And we would never come down  
Baby girl I want you in the worst way  
I can treat you way better, babe  
I just want you here and it ain't that hard  
Girl let's take off  
Girl we can ride anywhere in the city  
Sipping in my car while I got you sitting pretty  
You can meet my main,???  
'Cause I can be the best, that's why you got me staying  
No lie  
All the money in the world  
Couldn't buy me your heart  
No lie  
Said I'm down for you girl  
Just tell me where to start  
You might be THE ONE  
Oh, oh, oh, oh, oh, oho  
You might be THE ONE  
Oh, oh, oh, oh, oh, oho  
You might be THE ONE  
THE ONE, THE ONE, THE ONE  
You might be THE ONE  
THE ONE, THE ONE, THE ONE I'm fighting for you girl and I'll never quit

Gimme a chance, baby I just want a little bit  
Any things that them other guys will never give youBut you gotta open up to your heart  
    Oh girl, just let me inside  
    Take you up to the stars  
    And we would never come down  
    Baby girl I want you in the worst way  
    I can treat you way better, babe  
    I just want you here and it ain't that hard  
    Girl let's take off  
    Girl we can ride anywhere in the city  
    Sipping in my car while I got you sitting pretty  
    You can meet my main,???  
'Cause I can be the best, that's why you got me staying  
    No lie  
    All the money in the world  
    Couldn't buy me your heart  
    No lie  
    Said I'm down for you girl  
Just tell me where to startYou might be THE ONE  
    Oh, oh, oh, oh, oho  
    You might be THE ONE  
    Oh, oh, oh, oh, oho  
    You might be THE ONE  
    THE ONE, THE ONE, THE ONE  
    You might be THE ONE  
    THE ONE, THE ONE, THE ONE
