

# Jealousy and I

**TORRES**

What am I supposed to say babe I'll be up all night to tell the truth Would you really have a stranger in your bed Rather than let someone like me take care of you It's no one's problem but my own I think I've always cared too much I'm suffocating you I know It's just the only way I know to love Jealousy gets me sometimes But I don't mind, no I don't mind Jealousy gets me sometimes But I don't mind, no I don't mind 'Cause Jealousy and I We're two of a kind And she's all mine You don't owe me anything But you've got to spell it out for me 'Cause if you're saying things that you don't mean Then you don't really want me at your feet Jealousy gets me sometimes But I don't mind, no I don't mind Jealousy gets me sometimes But I don't mind, no I don't mind 'Cause Jealousy and I We're two of a kind And she's all mine I'll never let her go
