

# Dirty Little Girl (feat. The Knux)

Shwayze

Dirty little girl in her dirty little life  
Dirty little thoughts in her dirty little mind  
Dirty little lips tell dirty little lies  
My dirty little girl (girl) (get dirty!)  
Sure cleans up nice Yeah, high fashion, trash on the street  
Studio apartment, Penthouse Suite  
High Class, low life freak, but shit goes on like O-Bla-Di  
Day and night she walk to the beat, no sleep and you gotta eat  
Shake it like a tambourine, lemme taste it, little tangerine Some girls like movie stars, some  
girls like cash and cars  
Some girls like champagne, some girls like caviar  
Some girls like other things, dont need no diamond rings  
All my dirty girls sing:  
Dirty little girl in her dirty little life  
Dirty little thoughts in her dirty little mind  
Dirty little lips tell dirty little lies  
My dirty little girl (girl)  
Sure cleans up nice Yo, appetite for destruction she downtown hipster (?) and I'm Johnny Rotten  
She's too punk for Manolo, we rock more plaid than a cholo and only roll dolo  
I gotta left part, down for a solo, for you front stage, and no time for a no show  
See I merely know your post in weights  
(?) like cobra snake, um  
You're the best  
Thinking about you in the freeze frame, fashion  
You're something like a frozen Kate Moss  
Trapped in the glass  
And all I really wanna do is tap that ass  
Cause  
Some girls like other things, dont need no diamond rings  
Now all my dirty girls sing:  
Dirty little girl in her dirty little life  
Dirty little thoughts in her dirty little mind  
Dirty little lips tell dirty little lies  
My dirty little girl (girl)  
Sure cleans up nice In the verse, something mysterious, she looking better in the leather, I'm  
curious  
How you got that ass. from your mom? I knew it. Face bomb, body and your mind, I blew it  
Thin tight, them jeans skin tight  
Finna bump that ass above the rib like  
Cobay booty bubble like Rose  
Them haters can't see me I'm the man with no face  
Screwdrivers, vodka and OJ

Fresh prophylactic, the one with the gold papes  
That's my dime chick, so even when we fuss, we make up  
Hotter on her nose with no blush  
Some girls like other things, dont need no diamond rings  
All my dirty girls sing: My, my, my, my  
My, my, my, my Dirty little girl in her dirty little life  
Dirty little thoughts in her dirty little mind  
Dirty little lips tell dirty little lies  
My dirty little girl (girl)  
Sure cleans up nice Hi, welcome to the Motel Sss... Ahh, Fuck  
If it isn't Cheech and Chong  
Well listen, if you're gonna stay here, I'm gonna need an \$800 deposit this time  
It took us two fucking days to get the weed smell out of that place  
I'm not even gonna get started on the sheets
