

Take Our Time

TLC

Let's take our time baby
Love last forever
Over and over
We'll love together
Come here next to me
And let me make you high
No mistakes we will make
A long time we will loveLet's take our time baby
Love last forever
Over and over
We'll love togetherKiss me hold me tight
And let's get wet tonight
Happiness is pleasing you
So let me make you cry
Let's take our time baby
Love last forever
Over and over
We'll love togetherSlowly deep inside me
Hold me and kiss my body
Only you can make me
Oh so easySlowly deep inside me
Hold me and kiss my body
Only you can make me
Oh so easyLet's take our time baby
Love last forever
Over and over
We'll love together
Let's take our time baby (Slowly deep inside me)
Love last forever (Hold me and kiss my body)
Over and over (Only you can make me)
We'll love together (Oh so easy)
