

In Case of Fire (feat. Jeff Bhasker)

Mark Ronson

Third michelada
Second Adderall
To take the edge off the crazy Jumped out the window
A human cannonball
Congratulations, baby Break glass
Don't you look back
In case of fire Escape plan:
Grab what you can
In case of fire (Girl you know you got burned) Last flight to Juarez
Two frozen credit cards
Another borrowed vacation
Girl, you're a day late
And twenty thousand short
Belated realizations Break glass
Don't you look back
In case of fire Escape plan:
Grab what you can
In case of fire Bad girl
With good moves
Big dreams
But a little confused
You start fires
That you can't put out
Just watch it burn
Lifetime of heartbreak
And out of cigarettes
A melancholy equation Sweet summer memories
Of the day we met
Please change the radio station Break glass
Don't you look back
In case of fire Escape plan:
Grab what you can
In case of fire Bad girl
With good moves
Big dreams
But a little confused
You start fires
That you can't put out
Just watch it burn
