In Case of Fire (feat. Jeff Bhasker)

Mark Ronson

Third michelada

Second Adderall

To take the edge off the crazyJumped out the window

A human cannonball

Congratulations, babyBreak glass

Don't you look back

In case of fireEscape plan:

Grab what you can

In case of fire(Girl you know you got burned)Last flight to Juarez

Two frozen credit cards

Another borrowed vacation

Girl, you're a day late

And twenty thousand short

Belated realizationsBreak glass

Don't you look back

In case of fireEscape plan:

Grab what you can

In case of fireBad girl

With good moves

Big dreams

But a little confused

You start fires

That you can't put out

Just watch it burn

Lifetime of heartbreak

And out of cigarettes

A melancholy equationSweet summer memories

Of the day we met

Please change the radio stationBreak glass

Don't you look back

In case of fireEscape plan:

Grab what you can

In case of fireBad girl

With good moves

Big dreams

But a little confused

You start fires

That you can't put out

Just watch it burn
