

Polaroid

Imagine Dragons

I'm a reckless mistake
I'm a cold night's intake
I'm a one night too long
I'mma come on too strong All my life, I've been living in the fast lane
Can't slow down, I'm a rolling freight train
One more time, gotta start all over
Can't slow down, I'm a lone red rover
I'mma hold my cards close
I'm a wreck what I love most
I'm a first class letdown I'm a "shut up, sit down"
I am a headcase
I am the color of boom
That's never arriving, and
You are the pay raise
Always a touch out of view
And I am the color of
All my life, I've been living in the fast lane
Can't slow down, I'm a rolling freight train
One more time, gotta start all over Can't slow down, I'm a lone red rover
How did it come to this?
Love is a polaroid
Better in a picture
Never could fill the void
I'm a midnight talker
Oh I'm an alley walker I'm a day late two face
Oh I'mma burn out quick pace
I am a headcase
I am the color of boom
That's never arriving
At you are the opera
Always on time and in tune
And I am the color of... All my life, I've been living in the fast lane
Can't slow down, I'm a rolling freight train
One more time, gotta start all over
Can't slow down, I'm a lone red rover
How did it come to this?
Love is a polaroid Better in a picture
Never could fill the void
I'm gonna get ready
For the rain to pour heavy
Let it fall, fall
Let it fall upon my head

All my life, I've been living in the fast lane
Can't slow down, I'm a rolling freight train
 One more time, gotta start all over
 Can't slow down, I'm a lone red rover
 How did it come to this?
 Love is a polaroid
 Better in a picture
 Never could fill the void
 Love is a polaroid
 Love is a polaroid
 Love is a polaroid
 Love is a polaroid
