Dreamin' of Love

Stevie B

I don't know, what happened to the love we shared
Don't go, sometimes I think it's just not fair
I know, the pain I feel inside my heart
I wish I'd known it from the start
That you would come and break my heart
I can't hold back these tears in my eyes
The feeling of pain inside because...Chorus:
I'm dreaming of love, thinking of you
Remembering times that we once shared
Dreaming of love, thinking of you
Knowing someday you'll come back to my life
I try to love, but it just don't feel the same
Our love, comes once in a lifetime
I'll take the blame
God above, hear my prayer
Bring her back to me
I wish I'd known you from the start
That you would come and break my heart
I can't hold back these tears in my eyes
The feeling of pain inside because...I, I'm dreaming of... (repeat 5x)
I am dreaming of love
I don't know, why did you leave me all alone
Our love, comes once in a lifetime
I'll take the blame
Now I know, true love I feel inside my heart
I wish I'd known it from the start
That you would come and break my heart
I can't hold back these tears in my eyes
The feeling of pain inside because...Chorus
