

The Sky and the Dawn and the Sun

Celtic Woman

High is the moon tonight
Hiding its guiding light
High Heaven and earth do sleep
Still in the dark so deep
I will the darkness sweep I will the moon to flight
I will the heavens bright
I will the earth delight
Open your eyes with me
See paradise with me
Awake and arise with me
I am the dawn, I'm the new day begun
I bring you the morning, I bring you the sun
I hold back the night and I open the skies
I give light to the world, I give sight to your eyes
From the first of all time, until time is undone
Forever and ever and ever and ever
And I am the dawn and the sky and the sun
I am one with the One, and I am the dawn I am the sky and the dawn and the sun
I am the sky and the new day begun
I am the sky and the dawn and the sun
