

# Scared of the Dark

Jeezy

Scared of the dark, scared of the dark  
These niggas scared of the dark  
Scared of the dark, scared of the dark  
These niggas scared of the dark  
They all want the light, they all want to shine  
They all want to shine, they all want the light  
They all want to shine, they all want to shine No body building but I stay flexin'  
I'm execution fresh, I'm bout to dome check 'em  
For my bad bitches, got they own section  
Do they own grinding, pay they own bills  
Full of liquor yeah I'm hella tipsy  
Talkin' bitches, yeah I'm hella picky  
Great white I'm goin Jaws on 'em  
Kyrie Irving I'm 'bout to ball on 'em  
Nigga switching teams like the draft nigga  
Nigga left the Cavs joined the Mavs nigga  
Had a vision nigga, I'm a visionary  
They should put your picture in the dictionary  
Right next to ungrateful nigga, you the definition  
With yo' ungrateful ass. I was in denial had to face it nigga  
Can't do epic shit fucking wit basic niggas 'cause they  
Scared of the dark, scared of the dark  
These niggas scared of the dark  
Scared of the dark, scared of the dark  
These niggas scared of the dark  
They all want the light, they all want to shine  
They all want to shine, they all want the light  
They all want to shine, they all want to shine Crumbs to bricks yeah I'm a made nigga  
Busting juggs and licks made me a paid nigga  
Couple flaw niggas went AWOL  
This a real nigga role call  
If her head crazy, I'mma kill the body  
Just killed my show now where the after party  
Woke up pissing champagne  
Woke up drunk the same thang  
I was tryna help you get ya bread up  
I'm the type to help you hit the bread truck  
Plug blessed me so I had to bless niggas  
Living stress free tryna stress niggas  
Fuck you think he got a name from  
Fuck you think he got the game from  
Woke up every morning getting paid nigga

When the sun went down you got afraid nigga 'cause you  
Scared of the dark, scared of the dark  
These niggas scared of the dark  
Scared of the dark, scared of the dark  
These niggas scared of the dark  
They all want the light, they all want to shine  
They all want to shine, they all want the light  
They all want to shine, they all want to shine  
Type of nigga be pocket watchin'  
Type of nigga be click hoppin'  
Yo' table, then my tabl, e then yo' table, then they back again  
Type of nigga be in all ya pictures  
Some of you niggas worse then these bitches  
Every nigga in my section family nigga

To them pussy niggas that hate the most  
Fresh to head to toe bag money  
Magnum bottles the Jag money  
Fake niggas throwin' gang signs nigga  
All the chains got hang time  
Follow the sparkles tryna chase the light  
Type of nigga be out every night 'cause they  
Scared of the dark, scared of the dark  
These niggas scared of the dark  
Scared of the dark, scared of the dark  
These niggas scared of the dark  
They all want the light, they all want to shine  
They all want to shine, they all want the light  
They all want to shine, they all want to shine
