

# In Your Arms

[Kina Grannis](#)

Hush Now, Let's Go Quiet To The Park  
Where it first started  
Cold Night, Us Lying In The Dark  
I Felt My Heart Was Trying  
To Find A Place For You To Stay  
A Place Where I'd Feel Safe  
Anything we have known  
Anything We've Forgotten  
In The Rain, In The Dark We'll Lay  
In Your Arms, In Your Arms I'll Stay  
Anything we have known  
Anything We've Forgotten  
In The Rain, In The Dark We'll Lay  
In Your Arms, In Your Arms I'll Stay  
Take My Hand, Let's Go Into The Trees  
Behind The Branches, Falling On Our Knees  
I Remember Feeling Like This  
Part Of Us Would Never Change  
Anything we have known  
Anything We've Forgotten  
In The Rain, In The Dark We'll Lay  
In Your Arms, In Your Arms I'll Stay  
Anything we have known  
Anything We've Forgotten  
In The Rain, In The Dark We'll Lay  
In Your Arms, In Your Arms I'll Stay  
Follow Me  
We Both Now The Way  
It's Always Been The Same  
Anything we have known  
Anything We've Forgotten  
In The Rain, In The Dark We'll Lay  
In Your Arms, In Your Arms I'll Stay  
Anything we have known  
Anything We've Forgotten  
In The Rain, In The Dark We'll Lay  
In Your Arms, In Your Arms I'll Stay  
In Your Arms I'll Stay  
In Your Arms I'll Stay  
In Your Arms I'll Stay
