

# As Any Fool Can See

Tracy Lawrence

Lately she's been picking fights, dropping hints and just last night  
I caught a tear as she slipped off to sleep  
She's not here but she's not gone, I guess she must be waitin' on  
The kind of man I promised her I'd be As any fool can see  
She's gonna cross that line, she's got leaving on her mind  
And it's too late but what keeps killing me  
Is knowing I've been blind as any fool can see How long did I think she'd stand for me to be the  
kind of man  
That came and went just as I dang well pleased  
While she sits at home alone with thoughts and feeling's of her own  
Lord knows goodbye would bring me to my knees  
As any fool can see  
She's gonna cross that line, she's got leaving on her mind  
And it's too late but what keeps killing me  
Is knowing I've been blind as any fool can see  
She's gonna cross that line, she's got leaving on her mind  
And it's too late but what keeps killing me  
Is knowing I've been blind as any fool can see She's gonna cross that line, she's got leaving on  
her mind  
And it's too late but what keeps killing me  
Is knowing I've been blind as any fool can see
