

# Colour (feat. Hailee Steinfeld)

## MNEK

[Chorus: MNEK]

Before you came into my life  
Everything was black and white

Now all I see is colour  
Like a rainbow in the sky  
So, tell me your love will never fade  
That I won't see no clouds of grey  
'Cause I don't want another

You bring colour to my life, baby [Verse 1: MNEK]

Life was so heavy, I was giving up, na-na  
But since you came along, I'm light as a feather, ah  
You give me something incredible, sensational, baby  
When we're together, everything is better

My darling

[Pre-Chorus 1: MNEK]

Only you can brighten up my day  
You make everything change, you rearrange  
So don't go away

Let me tell ya [Chorus: MNEK & Hailee Steinfeld]

Before you came into my life  
Everything was black and white

Now all I see is colour  
Like a rainbow in the sky  
So tell me your love will never fade  
That I won't see no clouds of grey  
'Cause I don't want another

You bring colour to my life, baby

[Post-Chorus: MNEK]

Now all I see is colour  
You bring colour to my life, baby  
Now all I see is colour

You bring colour to my life, baby [Verse 2: Hailee Steinfeld & MNEK]

I never thought that I would meet anybody  
Who knows my body how you know my body (ah, yeah)  
I can't deny I see us stick around 'cause we paint the town  
Anyway that we want it

Like red and yellow and pink and green (shit)

That's what I see when you're here with me  
Everything is brighter 'cause the limit is the sky

Baby, that's the way you make me feel

You know that [Pre-Chorus 2: Hailee Steinfeld, MNEK & Both]

Only you can brighten up my day, yeah

You chase all those grey clouds away (you chase all those clouds away)  
Help me find a brand new shade of me (me)  
You make everything change, you rearrange  
So don't ever fade (don't fade)  
Don't fade, don't fade, don't fade, don't fade  
You bring the colour, you bring the colour  
Yeah, you bring the colour (oh, yeah)[Chorus: Hailee Steinfeld, MNEK & Both]  
Before you came into my life  
Everything was black and white  
Now all I see is colour  
Like a rainbow in the sky  
So, tell me your love will never fade  
That I won't see no clouds of grey  
'Cause I don't want another  
You bring colour to my life, baby (to my life)Before you came into my life  
Everything was black and white (now all I see is colour)  
Now all I see is colour (now, all I see, I see, yeah)  
Like a rainbow in the sky  
So, tell me your love will never fade (tell me, tell me, tell me)  
That I won't see no clouds of grey (tell me, tell me, tell me)[Post-Chorus: Hailee Steinfeld,  
MNEK]  
Now all I see is colour  
You bring colour to my life, baby  
Red and yellow and pink and green  
That's what I see when you're with me  
You bring the colour  
You bring the colour (now all I see is colour)  
You bring colour to my life, baby[Outro: MNEK]  
Aah  
Na-na-na-na, na-na  
Now all I see is colour  
You bring colour to my life, baby
