

God Is Enough (feat. Flame & Jai)

Lecrae

(We so impressed)
With them ladies
Who be drivin' Mercedes
Who be drivin' them crazy
And we gotta be crazy
(We so impressed)
With them fellas
Who be makin' them jealous
Who be makin' them stellas
And we gotta be crazy
(I'm so impressed)
King who on the throne
Who left his heavenly home
Never did a thing wrong
They crucified him on
A tree, there he made
It was crazy how it set the stage
For his resurrection from the grave
That gets me amazed
(You can be) the flyest man
(With a) hundred grand in your hand
Swag right, sag tight
And a Gucci fan
(You can) be the richest, be the smartest, be the hardest, all of that
But I guarantee before I die they all are fallin' flat
Used to want a lotta things
All the stuff that's on TV
Education, cars, and clothes
Fashion lights and jewelry
(Focused on the wrong stuff)
Now I got my eyes on you
And now I know that God is enough
God is enough
God is enough
You are enough
Never too much
More than enough
God is enough
You are enough for me
Party like the fast life, hurry this the last flight
Chasin' all your dreams, this right here could be your last night
And man you finally got your cash right

But it never seems to last right
 You know you sick of lookin', you sick of chasin'
 I think you know the truth, you just don't wanna face it
 Your life is empty, though you havin' fun
 You never satisfied, you never get enough
 You go from thrill-seekin' to pill-poppin'
 From heavy drinkin' to club-hoppin'
 You just can't stop it, like you're a slave
 And you chasin' nothin' all the way into the grave
 Used to want a lotta things
 All the stuff that's on TV
 Education, cars, and clothes
 Fashion lights and jewelry
 (Focused on the wrong stuff)
 Now I got my eyes on you
 And now I know that God is enough
 God is enough
 God is enough
 You are enough
 Never too much
 More than enough
 God is enough
 You are enough for me
 Lord is my Shepherd, I shall not want
 Takes away my fears, you restore my soul
 Off into the sky, the dead in Christ arise
 To be with you forever, see with the clearest eyes
 Quench my inner thirst, there's something more in life
 No money, cars, relationships compare to joy in Christ
 Love that falls from selfish ones that like to flirt with self-destruct
 No need to stut, know what I want, to keep it, but my God's enough
 Used to want a lotta things
 All the stuff that's on TV
 Education, cars, and clothes
 Fashion lights and jewelry
 (Focused on the wrong stuff)
 Now I got my eyes on you
 And now I know that God is enough
 God is enough
 God is enough
 You are enough
 Never too much
 More than enough
 God is enough
 You are enough for me
 I don't need these worldly things, no-oh
 I don't need these worldly things, no-oh
 More of you and less of me, G-od
 More of you and less of me, G-od
 I don't need these worldly things, no-oh
 I don't need these worldly things, no-oh
 More of you and less of me, G-od
 More of you and less of me, G-od
 God is enough

God is enough
God is enough
You are enough
Never too much
More than enough
God is enough

You are enough for me
