Pretty

The Weeknd

Somebody told me it was pointless for me to come back
Into your arms
Said you fucked another man
Finally, I knew this day would come
Whoa oh oh
Cause I see fear in your eyes
You've been living out your life
As long as you know that when I land you're mine
It's been exactly 365 since I've seen your face
I've been living on the road
And you've been living all alone, at home
Girl I hope, he made you satisfied
Well baby I won't cry
As long as you know that when I land you're mine
And you will never feel so pretty
And you will never feel this beautiful
When I make it thereOh when I make it thereThere are certain things that I've come to understand
Expectations can kill a simple man, a simple man
I try to master the art, of that far away love
But only so much can keep a woman warm
Now it's times like this that I say to myself
We've been living in a cold, cold world, cold world
But at least I have you to relyEven if for a short time
As long as you know when I land you're mineAnd you will never feel so pretty
And you will never feel this beautiful
When I make it there
Oh when I make it there
And he can't make you feel this pretty
No, he won't make you feel this beautifulWhen I make it there
Oh when I make it there(Breakdown - The Weeknd harmonizing)And you will never feel so pretty
And you will never feel this beautiful
When I make it thereOh when I make it there
And he can't make you feel this pretty
No, he won't make you feel this beautiful
When I make it there
Oh when I make it there
And you will never feel so pretty
And you will never feel this beautiful
When I make it there
Oh when I make it there

And he can't make you feel this pretty
No, he won't make you feel this beautiful
When I make it there
Oh when I make it there
