

You're My Better Half

Keith Urban

Car door slams, it's been a long day at work
I'm out on the freeway and I'm wonderin' if it's all worth
The price that I pay, sometimes it doesn't seem fair
I pull into the drive and you're standin' there And you look at me
And give me that come-here-baby smile
It's all gonna be alright
You take my hand
You pull me close
And you hold me tight And it's the sweet love that you give to me
That makes me believe we can make it through anything
When it all comes down
And I'm feelin' like I'll never last
I just lean on you 'cause baby
You're my better half
They say behind every man is a good woman
But I think that's a lie
'Cause when it comes to you I'd rather have you by my side
You don't know how much I count on you to help me
When I've given everything I got and I just feel like givin' in And you look at me
And give me that come-here-baby smile
It's all gonna be alright
You take my hand
You pull me close
And you hold me tight And it's the sweet love that you give to me
That makes me believe we can make it through anything
'Cause when it all comes down
And I'm feelin' like I'll never last
I just lean on you 'cause baby
You're my better half. Woo
I need to know
Well, you take my hand
Yeah, you pull me close and I understand
It's the sweet love that you give to me
That makes me believe that we can make it through anything Oh baby, it's the sweet love that
you give to me
That makes me believe we can make it through anything
'Cause when it all comes down
And I'm feeling like I'll never last I just lean on you 'cause baby
You're my better half
Oh, oh baby, you're my better half
Oou whou, hey baby, you're my better half
Oou oou ya
