

When a Man Can't Get a Woman Off His Mind

Craig Morgan

(Bill Anderson/Sharon Vaughn) I've been fightin' with these sheets again
Can't make myself lie still
My pillowcase is soakin' wet
And yet I feel a chill
It takes all I can do these days
To just survive the nights
It gets crazy when a man can't get a woman off his mind When a man can't shake a memory
He runs hot and cold and blind
He hates her, then he loves her
Then he hates her one more time
Your love has such a grip on me
It chokes me like a vine
Oh, it's crazy when a man can't get a woman off his mind
I've been phonin' you since eight o'clock
It's almost four a.m.
My mind keeps paintin' pictures
Of you out lovin' him
I just crushed a dixie cup
For runnin' out of wine
It gets crazy when a man can't get a woman off his mind
When a man can't shake a memory
He runs hot and cold and blind
He hates her, then he loves her
Then he hates her one more time
Your love has such a grip on me
It chokes me like a vine
Oh, it's crazy when a man can't get a woman off his mind Yeah, it drives him crazy when a man
can't get a woman off his mind
