

# Dangerous Game

## 3 Doors Down

You stand before me,  
now we stare eye to eye.  
Before another second click's away,  
one of us will die.  
You reach for your metal  
as I reach for mine.  
The sound of bullets flying through the air  
is followed by a cry. And they're cryin' What will we do?  
What will we say?  
When it's the end of this game that we play  
will we crumble into the dust my friend?  
Or will we start this game over again?  
It's coming back to me This young man lies alone but fastend to the ground.  
The sound of fleeing feet and a crying eye  
will be his last sound. Yeah.  
What do we gain from all this?  
Now was it worth a life?  
No  
We've thrown all our hopes away  
and set our dreams aside Now they're crying What will we do,  
What will we say,  
When it's the end of this game that we play?  
Will we crumble into the dust my friend  
or will we start this game over again? It's coming back to me  
It's coming back to me  
What will we do,  
What will we say,  
When it's the end of this game that we play?  
Will we crumble into the dust my friend  
or will we start this game over again?
