

# Dye My Hair

ALMA

I'm not that kinda girl  
To keep my voice unheard  
To carefully pick words, oh no  
I'm not that kinda girl  
To easily get hurt  
No bullets pierce my eyes shut But there's something in the way I act around you  
Tryna turn your head  
Laugh at jokes that I don't get  
There is something in the way I act around you  
The way I feel about you  
Not a thing I wouldn't do  
I will dye my hair blonde for you  
I will dye my hair blonde for you  
You got that mad power, the sweet and sour  
You won't cut me loose  
There's nothing that I wouldn't do  
I will dye my hair blonde for you  
I will dye my hair blonde for you  
You got that mad power, the sweet and sour  
You won't cut me loose  
There's nothing that I wouldn't do Don't buy me fancy things  
Don't buy me any drinks  
I pay for my own self, oh yeah  
I was raised to be free  
Got my independency  
Why do I get so weak?  
Cause there's something in the way I act around you  
Tryna turn your head  
Laugh at jokes that I don't get  
There is something in the way I act around you  
The way I feel about you  
Not a thing I wouldn't do I will dye my hair blonde for you  
I will dye my hair blonde for you  
You got that mad power, the sweet and sour  
You won't cut me loose  
There's nothing that I wouldn't do  
I will dye my hair blonde for you  
I will dye my hair blonde for you  
You got that mad power, the sweet and sour  
You won't cut me loose  
There's nothing that I wouldn't do  
I will dye my hair blonde for you

I will dye my hair blonde for you  
You got that mad power, the sweet and sour  
So how could I refuse?  
There's nothing that I wouldn't do But there's something in the way I act around you  
Around you, around you  
But there's something in the way I act around you  
The way I feel about you  
Not a thing I wouldn't do I will dye my hair blonde for you  
I will dye my hair blonde for you  
You got that mad power, the sweet and sour  
You won't cut me loose  
There's nothing that I wouldn't do  
I will dye my hair blonde for you  
I will dye my hair blonde for you  
You got that mad power, the sweet and sour  
So how could I refuse?  
There's nothing that I wouldn't do  
I will dye my hair blonde for you
