

It's Secured (feat. Nas & Travis Scott)

DJ Khaled

I know I said Nas album done
We The Best music!
But we got one more to do first
Straight up
DJ Khaled! 150 stack it all in my Gucci Jacket
Fifty more in the Goyard
It's secured, it's secured
Yah, yah, yah, yah, yah, yah
It's secured, it's secured
Yah yah yah yah yah yah
It's secured, it's secured
Got the Mansion on the island
It's secured, it's secured
Got them bitches flying private
Its secured, its secured
Foreign bitches and they wilding
Its secured, its secured
Hundred million keep on piling
It's secured, it's secured
Yah, yah, yah, yah, yah, yah
It's secured, it's secured
Yah, yah, yah, yah, yah, yah
It's secured, it's secured
Yah, yah, yah, yah, yah, yah
It's secured, it's secured
Yah, yah, yah, yah, yah, yah
I'm principle driven, only real ones feel me
Most needed protection from the OG's to get bigger
No disrespect to them, but I never needed them older niggas
Or so we thought speedin' through life like
The speed of sound, what's your life like?
Momma stressin', seen the ratchets in the dresser
She not asking questions, seen the vests
Seen other kids in the caskets restin'
Life ill, 'cause most of my niggas in jail
For them it was hustle or death, I reshuffled my deck
I gave myself a good hand
Probably ran through a hundred million
Per decade, I'm not phased
And I could spot you a hundred million
Before you could ever spot grays
Chili Fritos in the helicopter

Money can't get that ghetto out'cha
 150 stack it all in my Gucci Jacket
 Fifty more in the Goyard
 It's secured, it's secured
 Yah, yah, yah, yah, yah, yah
 It's secured, it's secured
 Yah, yah, yah, yah, yah, yah
 It's secured, it's secured
 Got the Mansion on the island
 It's secured, it's secured
 Got them bitches flying private
 Its secured, its secured
 Foreign bitches and they wilding
 Its secured, its secured
 Hundred million keep on piling
 It's secured, it's secured
 Yah, yah, yah, yah, yah, yah
 It's secured, it's secured
 Yah, yah, yah, yah, yah, yah
 It's secured, it's secured
 Yah, yah, yah, yah, yah, yah
 It's secured, it's secured
 Yah, yah, yah, yah, yah, yah
 Watch out for insecure niggas
 They take your soul out your body
 They not secure
 I pray the Lord stop a opp before I go backwards
 Resort to violent reactions, that's childish
 My life's a dream to rappers
 Afraid they moments have past 'em
 It's all different hustle (Straight up)
 Niggas movin' bricks
 Young niggas rappin', doin' shows, hittin' they licks
 Everybody hold this money in thicks
 Don't get robbed; boy, is you dumb
 All them swipers gettin' it how it come (Yep)
 43, morbidly ambiguous, you serious?
 Gettin' it, lyricist, idiots, you ain't nearin' this
 Out of New York's biggest and richest
 I'm the template, low-key the busiest
 The game chose me, deal with it
 So I'm the quiet type, Mr. One Mic
 But silent listen, use the same letters to spell it right, so hear me
 From Nasty, I'm mature, here's another appetizer
 Khaled, we did it again, let Travis take us higher
 150 stack it all in my Gucci Jacket
 Fifty more in the Goyard
 It's secured, it's secured
 Yah yah yah yah yah yah
 It's secured, it's secured
 Yah, yah, yah, yah, yah, yah

It's secured, it's secured
Got the Mansion on the island
It's secured, it's secured
Got them bitches flying private
It's secured, it's secured
Foreign bitches and they wilding
It's secured, it's secured
Hundred million keep on piling
It's secured, it's secured
Yah, yah, yah, yah, yah, yah
It's secured, it's secured
Yah, yah, yah, yah, yah, yah
It's secured, it's secured
Yah, yah, yah, yah, yah, yah
It's secured, it's secured
Yah, yah, yah, yah, yah, yah100 mil keep on piling
Its Nasir and Travis
And Khaled
Thats right
