

Lead On

George Strait

She said, "I don't recall, seeing you around here,
you must be new to this town." Said, "I'm just passin through but,
girl from the looks of you I, could see me settling down."chorus:
Then she smiled and said, "The invitation's open, cuz you look just like what
I've been waiting on. So I said, "Why don't we take,
this matter somewhere else, and get to know this feelin,
that's so strong, lead on."She said, "I had a love once, but he just up and left me."
I said, "I bet it broke your heart.
I had a love once too but, i acted like a fool,
oh what I'd give to be back in her arms."Then she smiled and said, "The invitation's open, cuz u
look just like what
I've been waiting on. So I said, "Why don't we take,
this matter somewhere else, and pick right up
where everything went wrong, lead on."
she said, "I don't recall, seeing you around here,
you must be new to this town."
