Breaking Me

Topic & A7S

La la la la, la la la la
Call me what you wanna
I'll be what you wannaI've been here a thousand timesEh eh
Fallin' for another
I don't even bother
I could do it all my lifeSo tell me if you wanna
'Cause I got this feeling
I wanna hear you say it
'Cause I can't believe it
With every touch of you
It's like I've started dreaming
Guess heaven's not the far away
And I'll be singing
La la la la, la la la la
You're breaking me
La la la la, la la la la
You're breaking me
La la la la, la la la la
You're breaking me
La la la la, la la la laI'm just right here dancing around to the rhythm
The rhythm that you play when you're breaking my heart
You know that I can't get you out of my system
Yeah right from the start you play with my heart
And I'll be singing
La la la la, la la la la
You're breaking me
La la la la, la la la la
You're breaking me
La la la la, la la la la
You're breaking me
La la la la, la la la la
You're breaking meYou can do whatever
I'll be here forever
Spinnin' round inside this room
Eh eh
Won't you come on over
I'm a sucker for ya
Wishing we'll be out here soonSo tell me if you wanna
'Cause I got this feeling
I wanna hear you say it
'Cause I can't believe it
With every touch of you

It's like I've started dreaming
Guess heaven's not the far awayAnd I'll be singing
La la la la, la la la la
You're breaking me
La la la la, la la la la
You're breaking me
La la la la, la la la la
You're breaking me
La la la la, la la la laI'm just right here dancing around to the rhythm
The rhythm that you play when you're breaking my heart
You know that I can't get you out of my system
Yeah right from the start you play with my heartAnd I'll be singing
La la la la, la la la la
You're breaking me
La la la la, la la la la
You're breaking me
La la la la, la la la la
You're breaking me
La la la la, la la la la
You're breaking me
