# Vexed

## Kelly Price

Got me mad if I had me a nickel for each time I rescued
him got me mad if I had a dime for each time he told
me lies got me mad if I had a dollar for each time
I said we're though I'm a mess cause all day and night
he stays on my mind cause something aint right noSomething ain't right it got me mess I'm so
mad he got me vexedThere is something bout the way he makes me feel kinda
hard to make you see but when he's near me I get weak
so good he's bad when he's bad he's even badder break
free I won't ever live in pain or love in pleasure
Got me mad if I had a way that I could repay the pain
got me mad so let's press rewind and playback the times
you strayed I'm a mess if you had a heart you treat
me the way you should where fussing and fighting and
most of the time it's something ain't right hereSomething ain't right it got me mess I'm so mad
he got me vexedHe gets me going anytime and anywhere gotta a man that
treats me better but the loving don't compare try to
forget about him I tried to let him go ain't easy to
just say no when the loving of the man has got you vexedGot me mad if I had me a nickel for
each time I blushes
just a little got me mad if I had a dime for all the
signs that worned me if I had a dollar for every I
love you said I'm a mess I leave and not stay I can't walk away from youIts kind of like your
underneath my skin kinda like
were making love again got me vexed
Got me mad if I had me a nickel for each time I rescued

me lies got me mad if I had a dollar for each time i hollered ohh babyGot me vexed
