

# I Can Do That

Montell Jordan

I'm still here.  
You want me to buy you Victoria's Secrets?  
I can do that.  
You want sex twice a day... Everyday?  
Yo, I can do that.  
Be careful what you say,  
'Cause I'm right around the corner...  
Check it out Caramel eyes, chocolate thighs  
Your honey brown  
Complexion makes my nature rise  
But you don't understand  
You got me feinding for your candyland (yes you do)  
Your voice is warm on a cold night  
my cell phone bill is running out of control  
So, as I talk to you, I,  
hop in my whip and bring this. to you  
And you're gonna find I'll.  
Sex you from head to toe  
I'll kiss you where your man just refuses to go  
And if you don't know, baby, now you know  
Girl, I can do that. I can do that  
Lady come ride with me  
Tonight I'ma show you how he's supposed to be  
Satisfying you sexually, yeah  
I can do that, I can do that Ooh, can we share an or... gasm, baby?  
Just follow my instructions very carefully (I'm gonna)  
Take your clothes off...  
Leave your shoes on...  
The candlelight will keep your body  
Nice and warm  
Then after I undress you  
I'll apply a little pressure, ooh,  
It'll give you so much pleasure  
It'll be like sailing away (sailing away)  
Just say taht you want for me to stay, and I'll  
Sex you from head to toe  
I'll kiss you where your man just refuses to go  
And if you don't know, baby, now you know  
Girl, I can do that. I can do that  
Lady come ride with me  
Tonight I'ma show you how he's supposed to be  
Satisfying you sexually, yeah
